

## Garden Tractors

# Pacific

Husqvarna TS 220TD garden tractor offers comfort-enhancing features and efficient cutting to make the maintenance of large lawns a pleasant experience. Easy-to-reach controls and levers, quickly adjusted seat, and handles contribute to high comfort and good ergonomics. So does the cruise control that lets you rest your foot when mowing large unobstructed areas. The 108 cm cutting deck offers excellent cutting performance and with a wide range of cutting heights, adjustments can be made to suit different needs and grass conditions. The adjustment is spring assisted to reduce strain for operator. TS 220TD also features anti-spin transmission, providing improved traction that facilitates driving in hilly terrain.

Engine features like auto choke, oil filter and twin cylinder, and robust design with cast iron front axles ensure reliable and durable performance. ROS (reverse operation system) is activated with the start key for quick access to reverse mowing, and to minimise the risk of the function being used unintentionally. There is also a brush guard to protect the front.

## Engine

### Pacific

Cylinder displacement	764 cm <sup>3</sup>
Engine brand	Husqvarna
Motor/engine manufacturer	Husqvarna
Engine name	HV 764AE
Net power at preset rpm Energy	17 kW
Net power at preset rpm	3 100 rpm
Cylinders	2
Power source	Petrol
